Riverside, CA 92507

RE: Laboratory Certification
Lab ID #41890

Dear Ms. Sudds:

Enclosed is the new PFAS certification for your drinking water laboratory.

The laboratory is certified to analyze drinking water samples for the chemicals and analysis method listed on the certificate and accompanying analyte sheet. Analyses performed by analysts not approved by a primacy agency, or utilizing a method not listed on the certificate, will not be accepted for compliance.

The certification expiration date is February 28, 2025. Application for renewal should be made at least thirty days prior to the expiration date with the submittal of a completed application and the appropriate fee.

All results are to be reported to the Department by either XML or direct entry using the department's eDWRs application. Analytical results must be received by the Department no later than 10 days after the end of the compliance month. The Lab ID# is 41890 and must be included on all reports submitted to this office for compliance.

If there are any questions regarding this matter, contact Benny A. Laughlin at (334) 271-7775 or bal@adem.alabama.gov.

Sincerely,

Susan Summerlin
Compliance Assurance Section
Drinking Water Branch

Enclosure

The Alabama Department of Environmental Management

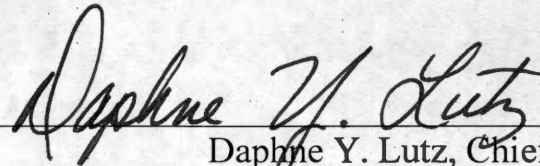

certifies that

Babcock Laboratories, Inc.

Having met Department laboratory certification criteria, is approved to conduct
Drinking Water analyses for the following:

**PFAS
EPA 537.1**

Effective March 1, 2024 through February 28, 2025

Daphne Y. Lutz, Chief
Water Division

Alabama Department of Environmental Management

Laboratory Number 41890

Babcock Laboratories, Inc.

Expires 02/28/2025
